

MIGRAINE DOCTOR VISIT PREP PACK

Organize the details you want to discuss at a primary care, neurology, headache specialist, or follow-up appointment. Fill in only what helps.

Appointment date:

Appointment time:

Provider / clinic:

Visit type:

My name:

Prepared on:

HOW TO USE THIS PACK

Start with the pages that match your visit. You do not need to complete every section.

Use plain words. Short notes are enough if brain fog, pain, or light sensitivity makes writing hard.

Bring recent trackers, medication lists, or records if they are useful for your appointment.

Mark anything that feels new, different, severe, or especially disruptive so you remember to discuss it.

APPOINTMENT SNAPSHOT

Main reason for this appointment:

Top concern 1:

Top concern 2:

Top concern 3:

Since my last visit, the biggest change has been:

WHAT I NEED HELP WITH

☐ Diagnosis questions

☐ More frequent attacks

☐ New symptoms

☐ Medication options

☐ Side effects

☐ Refills / access

☐ Preventive care discussion

☐ Acute care discussion

☐ Work/school support

☐ Referral

☐ Tests or records

☐ Follow-up plan

Other help I want to ask for:

DETAILS I WANT VISIBLE FIRST

One detail I do not want to forget:

Records, trackers, or medication list to bring:

What would make this appointment feel successful:

Anything I want to say in my own words:

This printable is a personal tracking and organization tool. It is not medical advice, diagnosis, or treatment. Always talk with a qualified healthcare professional about symptoms, medications, or care decisions. If symptoms feel new, sudden, severe, or concerning, contact a qualified healthcare professional or emergency services.

Page 1 of 8 - Appointment snapshot

FREQUENCY & PATTERN SUMMARY

Summarize what has been happening recently. Estimates are okay when exact numbers are hard to reconstruct.

Time period covered:

Next appointment:

Source of notes:

Updated on:

RECENT MIGRAINE FREQUENCY

Migraine days/month:

Headache days/month:

Aura days/month:

Days medication used:

Longest attack:

Typical duration:

Pain-free days:

Missed days/activities:

Use your best estimate. Discuss medication frequency or concerns with a qualified healthcare professional.

ATTACK TIMING

☐ Morning

☐ Afternoon

☐ Evening

☐ Overnight

☐ After stress

☐ During stress

☐ Before cycle

☐ During cycle

☐ No clear timing

Timing notes:

PHASES I NOTICE

Before / Prodrome

Mood, fatigue, cravings, neck symptoms, yawning, sensory sensitivity, or other early clues:

Aura / Neurological Symptoms

Visual, sensory, speech/language, dizziness/vertigo, or other aura notes:

Headache Phase

Typical pain location, intensity, and duration:

After / Postdrome

Fatigue, brain fog, soreness, mood, appetite, or recovery notes:

RECENT CHANGES TO DISCUSS

More frequent, longer, different, harder to treat, or more disruptive than usual:

PATTERN QUESTIONS FOR MY PROVIDER

What I want help interpreting:

What feels unclear or inconsistent:

What has changed since I started tracking:

What I should keep tracking before the next visit:

SYMPTOM PATTERN SUMMARY

Use this page to explain what a typical migraine attack looks like for you and what feels most important to discuss.

Time period covered:

Prepared for:

Typical attack length:

Most recent attack:

PAIN DETAILS

- | | |
|--|---------------------------------------|
| ☐ One-sided | ☐ Both sides |
| ☐ Behind eye | ☐ Temple |
| ☐ Forehead | ☐ Back of head |
| ☐ Neck involved | ☐ No head pain |
| ☐ Throbbing | ☐ Pressure |
| ☐ Stabbing | ☐ Pulsing |

Other pain notes:

ASSOCIATED SYMPTOMS

- | | |
|--|--|
| ☐ Nausea | ☐ Vomiting |
| ☐ Light sensitivity | ☐ Sound sensitivity |
| ☐ Smell sensitivity | ☐ Dizziness/vertigo |
| ☐ Brain fog | ☐ Fatigue |
| ☐ Neck pain | ☐ Food craving |
| ☐ Chills/sweats | ☐ Migraine hangover |

AURA / NEUROLOGICAL SYMPTOMS TO DISCUSS

- | | | |
|--|--|---|
| ☐ Flashing lights | ☐ Zigzags | ☐ Blind spots |
| ☐ Blurred vision | ☐ Tingling/numbness | ☐ Speech trouble |
| ☐ Confusion | ☐ Weakness | ☐ Vertigo |

Details, timing, duration, or what felt different:

MOST IMPORTANT SYMPTOM NOTES

Symptoms that are most disruptive:

Symptoms that feel new, changed, severe, sudden, or concerning:

What I want my provider to understand about these symptoms:

EXTRA SYMPTOM DETAILS

What happens before symptoms peak:

What happens after the worst part passes:

Symptoms that affect communication, driving, screens, or movement:

Words I use to describe the pain or sensation:

This page helps you organize symptom notes for discussion. If symptoms feel new, sudden, severe, or concerning, contact a qualified healthcare professional or emergency services.

Page 3 of 8 - Symptom pattern summary

POSSIBLE CONTEXT & PATTERN NOTES

Migraine patterns can be complicated. This page records context to discuss, not proof of a single cause or a reason to blame yourself.

Time period covered:

Prepared for:

Known pattern, if any:

Unsure / still observing:

CONTEXT I HAVE NOTICED AROUND ATTACKS

- | | | |
|---|---|--|
| ☐ Sleep change | ☐ Missed/delayed meal | ☐ Hydration change |
| ☐ Caffeine change | ☐ Alcohol | ☐ Stress |
| ☐ Letdown after stress | ☐ Bright light/screens | ☐ Strong smells |
| ☐ Loud sound | ☐ Weather/pressure | ☐ Cycle/hormonal timing |
| ☐ Travel | ☐ Schedule disruption | ☐ Heat or exertion |

PATTERNS TO ASK ABOUT

Context that seems to show up often:

Context that may actually be an early migraine symptom:

Context I cannot avoid or control:

SPECIFIC NOTES

Sleep / meals / caffeine / hydration notes:

Weather / sensory / travel / schedule notes:

Cycle, hormonal timing, stress, or letdown notes:

Questions I want to ask about possible patterns:

PROVIDER DISCUSSION PROMPT

I want help understanding whether these patterns matter because:

CONTEXT NOTES I WANT TO DISCUSS

Patterns that worry me:

Patterns that are hard to avoid:

Questions about work, school, travel, or daily schedule:

Anything I want to track differently next:

Possible context is not the same as a confirmed cause. Use this page to support a conversation with a qualified healthcare professional.

MEDICATION & TREATMENT HISTORY

Record what you have tried and what you want to discuss. Do not start, stop, or change medications based on this page.

Medication list updated:

Pharmacy notes:

Allergies/sensitivities to mention:

Insurance/access concerns:

CURRENT MIGRAINE-RELATED MEDICATIONS OR SUPPORTS

NAME	HOW I USE IT / TIMING NOTES	HELPS? SIDE EFFECTS? CONCERNS?

PAST TREATMENTS TRIED

TREATMENT / SUPPORT	APPROX. DATES	HELPED, PARTLY HELPED, NOT HELPED, OR STOPPED BECAUSE...

NON-MEDICATION SUPPORTS

- ☐ Rest/dark room
- ☐ Hydration
- ☐ Sleep
- ☐ Device
- ☐ Ice or heat
- ☐ Caffeine
- ☐ Physical therapy
- ☐ Other

Notes:

QUESTIONS ABOUT TREATMENT

What I want to understand before making care decisions:

Side effects, barriers, refills, cost, or access issues:

MEDICATION CONVERSATION NOTES

What I want to ask before changing anything:

What has been hardest about using current options:

What I need clarified about timing, refills, or follow-up:

Other medications, supplements, or conditions I should mention:

This page is for discussion only. Always talk with a qualified healthcare professional about medications, supplements, devices, side effects, or care decisions.

IMPACT ON DAILY LIFE

Use this page to explain how migraine affects what you can do, cancel, reduce, or need help with.

Time period covered:

Prepared for:

Most disrupted area:

Support person / notes:

AREAS AFFECTED

- | | | |
|--|---|---|
| ☐ Work | ☐ School | ☐ Caregiving |
| ☐ Driving/transport | ☐ Household tasks | ☐ Meals |
| ☐ Sleep | ☐ Exercise/movement | ☐ Social plans |
| ☐ Screen use | ☐ Light/sound exposure | ☐ Appointments/errands |

IMPACT SUMMARY

What I miss, cancel, or reduce because of migraine:

What I can do only with changes, breaks, help, or recovery time:

What other people may not see about the impact:

What I am worried about if this pattern continues:

SUPPORT OR ACCOMMODATION QUESTIONS

Questions about work, school, caregiving, transportation, forms, letters, or documentation:

What would make daily life more manageable to discuss with my provider:

ONE-SENTENCE SUMMARY FOR THE APPOINTMENT

Migraine is affecting my daily life by:

EXAMPLES I WANT TO MENTION

A recent day that shows the impact clearly:

A task or responsibility I am struggling to keep up with:

Support I already use:

Support I want to ask about:

QUESTIONS TO ASK

Choose the questions that fit your visit. Leave with the next steps written down if possible.

Provider:

Appointment date:

Main concern:

Must ask before leaving:

MY PRIORITY QUESTIONS

1.

2.

3.

If there is time, I also want to ask:

TOPICS TO CONSIDER

- | | |
|---|---|
| ☐ Diagnosis / type | ☐ Attack frequency |
| ☐ Aura symptoms | ☐ New symptoms |
| ☐ Medication timing | ☐ Side effects |
| ☐ Preventive options | ☐ Acute options |
| ☐ Nausea plan | ☐ Refills |
| ☐ Referral | ☐ Follow-up timing |

WHAT I NEED HELP WITH

The decision I need support making:

What I do not understand yet:

What I am nervous to bring up:

BEFORE I LEAVE, I NEED TO KNOW

What changes now?

What should I track?

When is follow-up?

EXTRA QUESTIONS OR NOTES

Question:

Question:

Note I want to bring up if there is time:

Words I can use if I feel rushed:

Use these prompts to support a conversation. Your provider is the right person to answer medical questions based on your history.

FOLLOW-UP NOTES

Write down answers and next steps during or right after the appointment while details are fresh.

Appointment date:

Provider:

Next appointment:

Best contact method:

ANSWERS AND MAIN TAKEAWAYS

Answer to priority question 1:

Answer to priority question 2:

Answer to priority question 3:

Main takeaway I want to remember:

PLAN DISCUSSED

NEXT STEP	WHO HANDLES IT?	WHEN / NOTES

ITEMS TO TRACK BEFORE NEXT VISIT

☐ Attack frequency

☐ Medication use

☐ Side effects

☐ Aura symptoms

☐ Impact on activities

☐ Possible context

☐ Sleep

☐ Cycle timing

☐ Other notes
